WaterWeave®

## T700

**Uses:** Ideal use in wiping applications using solvents, rough surfaces or needing low lint

Compare to WYPALL\*\* X70 Wipers

- Packaged in a portable dispenser box that allows for single sheet dispensing
- Ideal for use in wiping applications using solvents, rough surfaces or needing low lint
- Designed for heavy-duty, wet or dry wiping tasks
- WaterWeave® is made using high pressure water jets that “weave” polypropylene and cellulose fibers together

### Determining the real costs of rental rags

So you're paying a set usage fee per towel? It doesn't usually end there. You can also have **environmental charges** and **replacement charges**.

### How Clean Are Your Laundered Shop Towels?

In 2011, Gradient released a study titled, "Evaluation of Potential Exposure to Metals in Laundered Shop Towels," that found that the laundered shop towels they tested contained 7 heavy metals that exceeded health-based toxicity limits: molybdenum, lead, copper, cobalt, cadmium, beryllium and antimony.
