

EverSoak® Series
OIL ONLY 12' Cotton Absorbent Socks

Absorbs up to
39 gallons of
oil per case*

* per ASTM F726-06

- EverSoak® OIL ONLY 12' Absorbent Socks are made with 80% cotton and are perfect for spill response as well as outdoor MRO (Maintenance, Repair & Operations) applications as they soak up hydrocarbon based spills but not water
- 12' Oil Only Cotton Absorbent Socks are extra long for better coverage around bigger machines, spills, etc.
- Soaks up oil, diesel fuel, grease, transmission fluid, hydraulic fluid, coolants and many other fluids except water
- Provides great moldability allowing the sock to easily wrap around the base of a machine or the perimeter of a spill
- Helps spill contractors working on government contracted sites meet requirements for using green products
- Ash content is 1.8% per ASTM D482
- 11,580 BTU/lb per ASTM D5468
- Helps you comply with 29 CFR 1910.22(a)(2)

Caution: Not fire retardant. Not intended for use with aggressive acids or caustics. Dispose of all sorbent materials in accordance with local, state and federal regulations.

EverSoak
SORBENTS

Oil Only Absorbents

EverSoak® is a truly innovative green sorbent product with an oil only line that is made with 80% cotton, a naturally renewable resource. EverSoak® is up to twice as absorbent as the leading competitors' meltblown sorbents, according to independent lab tests, which helps reduce usage.

Sellars uses recycled cotton, grown in the USA, to produce the Oil Only EverSoak® products. We have developed a proprietary manufacturing process to use natural cotton, a renewable resource and one of the most absorbent natural fibers in the world, to create a sorbent product that is up to 85% more absorbent than the leading competitors' meltblown sorbents. Our Oil Only product line uses raw materials that allow you to "Break Free" from your dependence on oil based sorbents.

Made in the U.S.A.
