

# Sorbents

## Meltblown Sorbents

### Meltblown Sorbents OIL ONLY Sorbent Roll

#### How it's made...

1 ... (resin) is gravity fed into the barrel...

1

2 ... material is spun forward by a rotating screw...

2

3 ... strands are forced out with a blast of hot air...

3

4 ... the loft is adjusted to increase air space...

4

5 ... the finished product has a smooth, tight finish...

5

 **Made in the USA**

- Packaged in a plain bag with a generic label
  - Oil Only Sorbent Rolls are perfect for many outdoor MRO (Maintenance, Repair & Operation) applications
  - Great product to use for marine spill clean-up
  - Perfect for absorbing oil, fuel, grease, transmission fluid, coolants, and many other liquids except water
  - Ideal for laying down next to a machine or in a walkway as they help prevent slips and falls due to leaks, drips or spills around equipment
  - Perforated every 18" across and down the middle of the length of the roll
  - Made in the USA
- Caution: Dispose of all sorbent materials according to local, state and federal regulations.*
